## CALCIUM CURE

### ADVANCED CALCIUM ROLLER CLEANER

#### DESCRIPTION:

**Calcium Cure** was formulated to dissolve calcium deposits not just on the surface of the rollers, but deep down into the rubber to give you really clean rollers. It's unique and thicker formula help to clean calcium build ups that can affect production costs and print quality if they are not treated. Calcium Cure emulsifies the calcium on contact when applied to the rollers, back cylinders and chrome rollers and the thicker formula liquid helps to maintain cleaning dwell time on the area being cleaned

#### DIRECTIONS FOR USE:

**Rubber Rollers: SHAKE WELL BEFORE USE.** Clean all ink from press rollers. After rollers are clean and dry, disengage wash-up blade and apply product. Allow to run in for 2-3 minutes. Engage wash-up blade and rinse with warm water. **Chrome Rollers:** Wipe on cylinder and allow to penetrate for one minute. Remove with warm water. **Blankets:** Wipe the blanket with a sponge or shop cloth damp with Calcium Cure followed by a sponge or shop cloth damp with warm water to remove any residue. **READ SDS BEFORE USE.**

#### FEATURES & BENEFITS:

- Removes calcium build up from rollers and back cylinders.
- Removes calcium contamination from the printing blanket, helps improve ink transfer.
- Advanced thicker formula to increase cleaning effectiveness.
- Stops the build-up of calcium from alkaline papers.
- Strong, effective cleaning technology.

#### SPECIFICATIONS:

- Flashpoint: Greater than 142 degrees F (TCC)
- Maximum VOC's: 4%
- pH Value: 1.5
- Appearance and Odor: Clear/Thickened liquid with mild acid odor

#### HMIS RATING:

Health: 3      Flammability: 2      Reactivity: 0      Personal Protection: C

**Caution: Corrosive Liquid.**

#### PACKAGING:

**12x1 Quart Case**

**Tower Products** is a global manufacturer of pressroom chemistry. Our products are formulated to help increase worker safety and environmental compliance while at the same time providing the printer with the best possible solutions for their printing environment.

Our products include:

- Flexographic plate cleaners
- Anilox Roller Cleaners
- Ultrasonic and Hot Tank Cleaners
- Specialty Pressroom Products
