

TECHNICAL DATASHEET

FOUNTAIN ADDITIVE EPF

PICTURE FRAMING REDUCTION AND LUBRICATION ADDITIVE

DESCRIPTION:

Fountain Additive EPF is a new, high technology fountain solution additive formulated to help eliminate picture framing. In conjunction with any fountain solution and alcohol replacement this product, when added as directed, provides the printer relief of nagging picture framing issues. It will also reduce paper debris on the printing blankets and in the printing unit roller train. The product has also been shown to reduce ink piling which also reduces the need for press stoppages. Fountain Additive EPF increases the ability of a fountain solution to flow and lubricate more efficiently without the addition of an aggressive wetting agent. This product does not contain any HAP's and is extremely low in VOC's. It is compatible with UV, Hybrid, Metallic and Conventional inks and does not contain any glycol materials.

DIRECTIONS FOR USE:

Add 1 ounce per gallon to mixed fountain solution and alcohol replacement in the tank or in a pre-mix.

READ SDS BEFORE USE.

FEATURES & BENEFITS:

- Dramatically reduces or eliminates picture framing.
- Reduces paper debris build up on the printing blankets providing more time between blanket washes.
- Reduces paper contamination in the roller train.
- Formulated for UV, Hybrid, Metallic and Conventional inks.
- Low VOC product and no HAP's
- Low dosage product.

SPECIFICATIONS:

- Flashpoint: Greater than 200 degrees F. T.C.C.
- VOC: 0.02 pounds per gallon (2.82 grams/liter)

HMIS RATING:

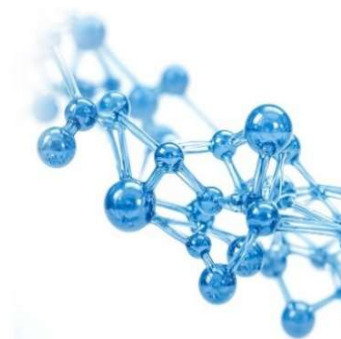

Health: 1 Flammability: 1 Reactivity: 0 Personal Protection: B

PACKAGING:

4x1 gallon cases - Product Number: 60358TP-G04

5 gallon pail - Product Number: 60358TP-005

55 gallon drum - Product Number: 60358TP-055

***Tower Products** is a global manufacturer of pressroom chemistry. Our products are formulated to help increase worker safety and environmental compliance while at the same time providing the printer with the best possible solutions for their printing environment.*

Our products include:

- Flexographic plate cleaners
- Anilox Roller Cleaners
- Ultrasonic and Hot Tank Cleaners
- Specialty Pressroom Products
